OmniLogic®

OmniLogic® POOL & SPA AUTOMATION

Now you can control your pool and spa equipment, as well as other backyard amenities such as fountains and ambience lights from one device, from anywhere in the world.

Introducing OmniLogic®—the simplest, most intuitive pool and spa controller ever.

EXPERIENCE THE LUXURY OF TOTAL CONTROL.

Introducing OmniLogic®—the simplest, most intuitive pool and spa controller ever. Simple to set up, simple to use, simple to love.

Now you can control nearly every aspect of your backyard from one device, anywhere in the world. Imagine how much free time you will gain when you have the ability to monitor and control your pool and spa filtration, sanitisation and heating, as well as other backyard amenities such as fountains and ambience lights from one device- while you are at work, on holidays, on the couch or running errands.

WHY SHOULD I CHOOSE OMNILOGIC®?

Create up to 25 preset backyard themes to control complex outdoor environments customized to your unique personality and mood from a casual, relaxing afternoon to a romantic evening for two or even a backyard birthday bash.

OmniLogic themed functionality transforms your backyard with the touch of a finger. Its unique touchscreen display uses smart phone style swipe and tap navigation to control virtually all pool and spa features and functions.

The performance, look and feel of an elite application is just as important as the technology behind it. OmniLogic combines the best in connectivity, versatility and energy-efficient functionality with an intuitive interface that makes the whole system simple to install, program, and use. When you choose OmniLogic, you choose the best.

OMNILOGIC®, iPad® & iPhone® APP
(App also available in Android™)

TOTAL BACKYARD CONTROL IS RIGHT AT YOUR FINGERTIPS.

CONTROL MADE SIMPLE.

Now you can control nearly every aspect of your backyard from one device. The OmniLogic user interfaces are intuitive and easy to use thanks to an icon-based graphics touchscreen and iPhone®, iPad®, Android™ and web apps that are designed to do more with fewer button pushes. Customize it to fit your family's needs and preferences. Set up to 50 Favourites icons and 25 customizable Themes you can change with the touch of a button.

AS FLEXIBLE AS WATER.

OmniLogic's modular configuration gives you the ultimate in flexibility and scalability. Never again will adding a feature or enhancement require complex system upgrades. Want to add a heater? A porch fan? Landscape lighting? Now you can seamlessly and painlessly add devices with plug-and-play expansion.

PLUG INTO THE FUTURE.

Forget costly and time-consuming upgrades—OmniLogic is future-proof thanks to its USB port, which allows you to upload new capabilities as well as install and restore configurations quickly and easily so you're always on the cutting edge.

CHOOSE USER FRIENDLY ACCESSORIES TO TURN EASY INTO EFFORTLESS.

RUNNING COSTS

TRISTAR™ VS PUMP

Power your system with Australia's first 10 Star Energy Efficiency Rated Variable Speed Pump. This pump is built to last and engineered to perform under the most demanding conditions. When you combine this premium pump with OmniLogic you will see just how effortless and inexpensive it is to run your pool and spa.

TURBOCELL®

For water that's clean, clear and luxuriously soft, choose the world's #1 salt chlorination cell. Hayward TurboCells are available in three sizes—150,000, 95,000, and 55,000 Litres. These cells automatically generate a self-renewing supply of fresh, pure chlorine to save customers more than 50% over conventional chlorine.

SENSE AND DISPENSE®

Sense and Dispense, uses a proportional feed algorithm that continuously tests the water, sampling pH and sanitiser activity, adjusting chemical feeding on a basis proportional to the demand. Adding the Sense and Dispense option to OmniLogic is a fully integrated solution, not an additional box that resides on your pool pad, eliminating additional installation costs. It also provides a single source for status reporting and control.

WALL MOUNT REMOTE

The Hayward OmniLogic Wall Mount is a remote touchscreen terminal that wires directly to the OmniLogic pool automation controller. It is designed to fasten to a wall giving you convenient in-home access for monitoring and controlling your pool. After installation the OmniLogic will detect the remote and automatically configure itself to utilize the new terminal.
